CALL FOR APPLICATIONS

Applications are now open to Australian defence companies interested in participating in the Team Defence Australia trade mission to the

International Naval and Maritime Exhibition and Conference (EXPONAVAL)

Valparaiso, Chile
2–5 December 2014

PLEASE NOTE: Participating in the Team Defence Australia trade mission is free of charge however companies are responsible for travel and freight costs.

Export opportunities for Australian defence industry

Contemporary Chilean capability requirements are:

- Electronic warfare systems and software
- Electronic support
- Communication systems and antenna equipment
- Radio frequency simulators, amplifiers and high power modules
- Ground support equipment
- Radar and sonar construction
- Lighter armoured and personnel carriers
- Simulation services and electronic warfare processors
- Infrared simulators and visual simulators
- Jammers, chaffs, flares and decoys
- Tactical remote video surveillance systems
- Modelling, Simulation and Training Software Solutions
- Design, construction and maintenance of vessels
- Submarine Rescue Equipment

Companies with the above products and/or services are particularly encouraged to apply.

Applications must be submitted by close of business on **28 September 2014** to be considered.

Companies interested in participating will need to agree to newly introduced **DMO Terms and Conditions**. Application forms and Terms and Conditions are available on the Team Defence Australia website www.defence.gov.au/TeamAustralia/Events.htm.

Any queries regarding EXPONAVAL 2014 can be directed to teamaustralia@defence.gov.au.
