

SHINE

PRECISION INDUSTRIES PTY LTD

DEFENCE QUAD CHART

SERVICES

Shine Precision Industries is a Cleveland, QLD based CNC machining company who provide support to the Aerospace and Defence industries. Shine provides precise, high quality, on-time manufacturing with their 3D Modelling, CNC Machining, CNC Bending, Welding and Assembly. We also have our own in-house anodising facility.

CNC Machining

We offer a high variety of machining methods from 3 axis to 5 axis capabilities.

3D Modelling

Designing/modelling products with 6x Mastercam licences and SolidWorks license to insure maximum efficiency.

Treatment

- Type II Anodising
- Type III Anodising
- Chemical Conversion

CAPABILITY

Our facility operates 18 hours a day, minimising lead times and delivery days. Listed below are our machine capabilities,

CNC Milling

- Haas UMC-1000 5 Axis
- Haas UMC-750 5 Axis
- Haas UMC-500 5 Axis
- Haas VF-5ss 5 Axis
- Hyundai WIA F500Plus
- Hyundai WIA KF5600
- Hyundai Vertical F400 4 Axis
- Hyundai WIA VX400
- Hyundai iCut 380 Pallet Table
- Ecoca VL600 4 Axis

CNC Turning

- Ecoca Lathe SL8P
- Haas SL-10ss Lathe
- Quick-Tech XP4-42SM
- Hyundai-SKT 2ILM CNC

Other

- 4x CNC Laser Engraving
- CNC Welding Fastmig X 350R
- 5 Axis 130 Ton Press Brake
- Anodising Plant

KEY CUSTOMERS

QUALITY STANDARDS

At Shine Precision Industries we value quality, using the latest technologies such as a CMM (Coordinate Measuring Machine) in our newly built temperature-controlled quality room to insure our customers a consistent high-quality product.

- We are ISO 9001 certified by QAS International
- In progress for Aerospace AS 9100 certification
