

## PRODUCT

We will promote Queensland's industry capability to national and international Defence markets by showcasing

- PCB Design and Layout: Hetech's engineering team will provide the highest-quality PCB design & layout services. We don't just offer a one-size-fits-all solution. We carefully consider the purpose and requirements of a PCB before we begin the design process, ensuring it's Designed for Manufacture, cost-effective & functional.
- PCB Assembly: Hetech is an expert PCB manufacturing & assembly company that proudly supplies PCB assembly solutions to businesses of all sizes across Australia. Our industry-leading assembly processes create PCBs of the highest quality. Our expert team is made up of in-house trained professionals who have the experience and expertise to create dependable PCBs and utilise our PCB assembly technology.
- Industrial Design: Our skilled, talented, and highly experienced team are on hand to provide expert input at every stage of the design process. From the initial concept design, based on in-depth research, through to checking that the proposed product is sufficiently different from what's already out there to be viable, ergonomics, visual appeal, and cost-effective manufacture, we are able to complete the entire project. Customers benefit from our streamlined, holistic approach, as the entire industrial design process is completed parallel with your new product electronics design.

## CAPABILITIES

- Full turnkey services
- Fast prototyping services
- Custom Design
- 1 to 5000 units per month
- In-house engineers
- Component sourcing
- Product support
- RoHS
- 2 manufacturing facilities

## DISCRIMINATORS

- Rapid Prototyping
- Small to large manufacturing production
- Turnkey project development
- Australian owned and operated
- Automatic PCA cleaning
- Conformal coating machine
- SMT Lines
- ERP MRP system

## KEY CUSTOMERS

- Rheinmetall
- SAAB Defence
- Boeing Defence Australia
- EOS Defence Systems

## KEY PARTNERSHIPS

- MET
- P3A Star Pty Ltd
- S.A.F.E Engineering
- AIDN
- DISP

## QUALITY ACCREDITATIONS AND AWARDS

- AS9100
- DISP
- IPC Standards
- ISO91001
- Follow Environmental standard AS14001
