

DSM Tool Boxes

DESIGNED TO LAST

COMPANY / CAPABILITY OVERVIEW

By Far the Best Toolbox in Terms of Quality, Durability, User Friendliness and Value

Designed to be tough, safe and practical, it is the longevity and durability of our product that drives DSM Toolboxes brand.

Since 2000 we have been improving our clients operational performance, whilst continuing to offer greater versatility and customisation through our product range.

With over 300 standard models to choose from, our Toolbox can be seen in action in the workshops and on the vehicles of tradesman, resource operators, farmers and Defence / Military personnel.

CAPABILITY

The Most Durable, Strong, Practical, Long Lasting Toolbox Available

With over 65 national and international customers, we are committed to providing the highest quality and performance toolbox in the market.

So much so, we are confident in offering our clients a lifetime warranty or access to a used / 2nd hand product range, on our range of:

- Toolboxes • Stacker Boxes • UTE Cabinets • Roll Trolleys / Cabinets
- Storage Boxes • Fridge Storage Box units • Combination Boxes

COMPETITOR DISCRIMINATORS

What sets a DSM Toolbox apart, is our:

- Lifetime Warranty (Either full replacement or repair)
- Value for Money (Outlast any other toolbox in the market)
- Sturdiest Construction (Fully arc welded in 1.6 mm steel, mounting frames, Gas struts)
- Strength (Supporting weight capacity in drawers (100 kg) and lid system (275 kg))
- Highest Quality Finish (Abrasive blasting, zinc coated and finished in your colour choice)
- Safe Ergonomic Design (Full friction slide system, in-built fork slides)
- Weatherproof (Water and dust resistant)
- Security Detail (Dual locking devices, interchangeable ute fitments and Laser Power Etching)
- Product Versatility (300 Models, with interchangeable storage and modular combinations)
- Customisation (Drawer - size, height, depth plus Laser Power Etching plus colour choice)
- Accessories (Rubber Drawer Liners, Poly Drawer Liners, Clip-in-drawer dividers, Socket trays)

Longevity and Faultless Durability = Value for Money
